UV-C Spa 12W

Advantages of the UV-C treatment:

- Ensures fresh, clean and clear water
- Disinfects water efficiently and safely
- Bound chlorine is broken down by UV-C light
- Protects your water from germs
- Keeps the formation of mould, bacteria and algae under control
- Can reduce the use of chlorine and other chemicals by up to 80%
- Prevents the smell of chlorine and avoids irritation of the skin and eyes (red eyes)
- More environmentally-friendly than traditional methods

Advantages of the Blue Lagoon Spa UV-C:

- Up to 50% more UV-C yield as a result of reflection
- Has a UV-C output of 3.6 Watt
- Has a Philips PLS module UV-C lamp
- Simple installation and maintenance
- 2-year guarantee on manufacturing faults
- Compact in size
- Earthing provided

Operation

The special Philips UV lamp in the Blue Lagoon Spa UV-C generates UV-C radiation with a wavelength of 253.7 nm, and this ensures the destruction of bacteria. This lamp has been specially designed by Philips, and is ideal for water temperatures up to 40 degrees Celsius. The Blue Lagoon Spa UV-C ensures fresh, clean and clear water in an efficient and environmentally-friendly manner. The water is guided through the UV-C device by means of a pump. The UV-C radiation neutralises bacteria, viruses and other primitive organisms and prevents their reproduction. The Blue Lagoon Spa UV-C has an integrated, high-frequency electronic ballast. This ballast absorbs current fluctuations, thereby protecting the lamp. In addition, the aluminium interior provides additional reflection of the UV-C radiation, thereby increasing the efficiency up to 50%. Thanks to the Blue Lagoon Spa UV-C, your water will be disinfected efficiently and safely, and the quality of your water will remain excellent. Contains connecting pieces. The device can be connected using a PVC tube.

Type of UV-C system

Article number:

B200011 Blue Lagoon UV-C 10,000 l / 12 Watt (230V; 50Hz)

Replacement lamps

Article number:

B212012 UV-C PL-S module 12W (230V; 50Hz)

Replacement cable

Article number:

E801205 cable for the Blue Lagoon Spa UV-C 12W 230V
